

N&L Elektrotechnik GmbH Karlstein

Data Sheet direct entry rewirable plug

Type:	11
Rated voltage:	250V AC / 50Hz
Rated current:	16A
Construction type:	acc. to DIN 49441 – R2
Enclosure:	PP (Polypropylen)
Nominal cross-sectional areas of conductors:	0,75 bis 2,5mm ²
Terminals:	Screw-type terminals
Number of poles:	2 + PE
Protective contact:	acc. to DIN 49441 – R2
Limit for external dimensions for flexible cables:	10,4mm
Cord anchorage:	PP (Polypropylen)
max. torque for terminal screws:	0,4 Nm
max. torque for cord anchorage:	0,5 Nm
Stripping length for cable:	40mm bis 45mm
Stripping length for conductor:	7mm
Test mark:	VDE, ÖVE, NF, CEBEC
Place of manufacture:	Certified according to DIN ISO 9001
General marks:	- Before closing the enclosure: Check that no conductor is fixed between the parts of the enclosure
