

KITS CLV+

Range:	Dinagas + / CLV + (E2)
Diameters:	All
Items:	KITs E2 (00K, 00G, 00L, 00H y 0BK, 0BG, 0BL, 0BH)

DESCRIPTION

These are the currently available E2 KITs:

00K / 0BK

STARTING KIT

Used on the lower floor, where the chimney starts at. Among other pieces, it includes a tee, a soot collector with drain and 2 siphons.

00G / 0BG

FLOOR KIT

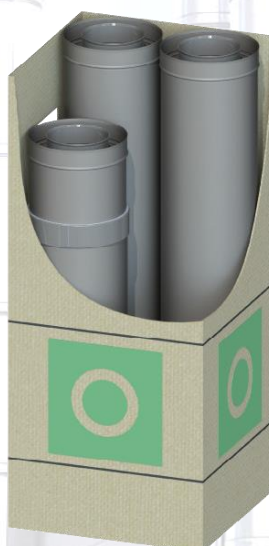

KIT designed for each floor that connects with a boiler. It contains the connection tee, a straight length and an adjustable length.

00L / 0BL

BLIND KIT

We use this KIT when the chimney goes through a floor but does not connect with a boiler. We replace the connection tee with a straight length.

00H / 0BH

TERMINAL KIT

KIT destined for the top part of the chimney. It includes a straight length, a storm collar and the short terminal.

* The first code relates to the KITs used in France and the second, to the KITs that will be used in Belgium.

FRANCE:

		Code	Qty.
STARTER KIT (00K)	93° tee male branch Ø80/125	37F	1
	Soot collector with drain	061	1
	Locking band	070	1
	Concrete slab support	901	1
	Siphon	SFN	2
	Identification plate	PDI	1
	Assembly instructions	NM	1
	White straight length L=430mm Ø80/125 (316L/304) with locking band	024EVJB	1
	Female plate for tee branch Ø80/125	609EVJ	1
	Lubricant	008	1

		Code	Qty.
FLOOR KIT (00G)	93° tee male branch Ø80/125	37F	1
	Straight length L=940mm	020	1
	Adjustable length L=760-1130mm	228	1
	Locking band	070	3
	Concrete slab support	901	1
	Identification plate	PDI	1
	Assembly instructions	NM	1
	White straight length L=430mm Ø80/125 (316L/304) with locking band	024EVJB	1
	Female plate for tee branch Ø80/125	609EVJ	1

		Code	Qty.
BLIND KIT (00L)	Straight length L=940mm	020	2
	Adjustable length L=760-1130mm	228	1
	Locking band	070	3
	Concrete slab support	901	1

		Code	Qty.
TERMINAL KIT (00H)	Short terminal	10R	1
	Straight length L=440 mm (316L/304)	024	1
	Locking band	070	2
	Storm collar	13A	1

BELGIUM:

STARTER KIT (0BK)		Code	Qty.
	93° tee male branch Ø80/125	37F	1
	White amplifier Ø60/100 to Ø80/125	1A1	1
	Soot collector with drain	061	1
	Locking band	070	1
	Wall support	080	1
	Flat wall support	086	1
	Inspection length	526	1
	Siphon	SFN	2
	Identification plate	PIB	1
	Assembly instructions	NM	1
	White straight length L=430mm Ø80/125 (316L/304) with locking band	024EVJB	1
	Female plate for tee branch Ø80/125	609EVJ	1
	Lubricant	008	1

BLIND KIT (0BL)		Code	Qty.
	Straight length L=940mm	020	2
	Adjustable length L=760-1380mm	221	1
	Locking band	070	2
	Wall support	080	1
	Flat wall support	086	1

FLOOR KIT (0BG)		Code	Qty.
	93° tee male branch Ø80/125	37F	1
	White amplifier Ø60/100 to Ø80/125	1A1	1
	Straight length L=940mm	020	1
	Adjustable length L=760-1380mm	221	1
	Locking band	070	2
	Wall support	080	1
	Flat wall support	086	1
	Identification plate	PIB	1
	Assembly instructions	NM	1
	White straight length L=430mm Ø80/125 (316L/304) with locking band	024EVJB	1
	Female plate for tee branch Ø80/125	609EVJ	1

TERMINAL KIT (0BH)		Code	Qty.
	Short terminal	10R	1
	Adjustable length L=510-880mm	022	1
	Locking band	070	2
	Roof support	082	1
	Storm collar	13A	1
